*The Association and the Commission on Accrediting maintain three classes of membership: accredited, candidate for accredited and associate. The figures in this table reflect the membership totals at the end of each calendar year. Class descriptions and criteria for membership are published in the Bulletin, Part 1. The 2005 changes reflected are: Dominican Study Center of the Caribbean, Ecumenical Theological Seminary, Heritage Theological Seminary, Knox Theological Seminary, and Wake Forest University Divinity School moved from candidate to accredited status. Inter-American Adventist Theological Seminary moved by request from candidate to associate status.*

The website [www.ats.edu](http://www.ats.edu) lists the current status of all member institutions.

Table 1.2, *Significant Institutional Characteristics of Each Member School, 2005-2006*, contains the most recently collected data on selected institutional characteristics of each member school. DNR indicates that the school did not report the data. NA indicates that the field does not apply to the respective institution. Dashes indicate that the institution does not want the information published although totals, averages, and median figures include it.

**Status**—The three classes of membership are accredited (ACCRED), candidate for accredited membership (CAND), and associate (ASSOC). Criteria for membership are published in *Bulletin*, Part 1, Procedures, Standards, and Criteria for Membership, and are on this website in the "Accreditation" section. Status is reported as of the end of each calendar year.

**I/U/C**— *Independent, University-Affiliated, and College-Affiliated*. These terms are elaborated in Table 1.3.

**Race**—Each school identifies the predominant racial/ethnic identity of its enrolled students. For definitions of terms, *see the Appendix*

**Prov(ince)/St(ate)**—The primary location of each school is identified using postal abbreviations.

**Church/Denom(ination)**—Each school identifies its religious affiliation when it applies for membership. *An explanation of the codes is found in the Appendix*. Even though some schools are formally related to more than one denomination, only one denomination is listed in this table.

**Expenditures**—These data are expenditures for fiscal year 2004-2005. Canadian school data are reported in Canadian dollars; United States school data are reported in United States dollars.

**E&G**— (*Total Educational and General Expenditures*) The figures reported include instruction, research, public service, library, academic support, student services, admissions, institutional support, operation and maintenance of plant, and scholarships and fellowships. Editions of the *Fact Book* up to and including 1995-96 also included mandatory transfers and debt repayment under E&G, whereas subsequent editions do not.

**Total**—(*Total Expenditures*) Total expenditures combine E&G and expenditures for auxiliary or ancillary enterprises, which include in most ATS schools such operations as student housing, meal service, and book store.

**Long-Term Investment**—Investments held for long-term purposes in accordance with FASB (*Financial Accounting Standards Board*) No. 124. This phrase replaces "Endowment" in earlier editions of the *Fact Book*. Canadian school data are reported in Canadian dollars; United States school data are reported in United States dollars.

**Faculty**—The data on faculty are for fall 2005.

**F.T.**— Full-time faculty are individuals with faculty status who devote 50% or more of their time to teaching and/or research.

**F.T.E.**—The full-time equivalency for faculty is the sum of the number of full-time faculty and the equivalent of full-time teaching provided by part-time faculty. The latter figure is computed by dividing the total number of courses taught by all part-time faculty by the average teaching load of full-time faculty.

**Library Vol(ume)s**—The total number of printed books, serials, and periodicals reported in fall 2005. Library data reports reflect a variety of library arrangements among member schools, and these are footnoted in the table.

**Enrollment**—The data report enrollment as of fall 2005.

**H.C.**— Head count enrollment is the total number of students enrolled.

**F.T.E.**—Computation of full-time equivalent enrollment varies by degree program and is *described in the Appendix*.

**Master of Divinity**

**Tuition**—Full-time tuition charges for the 2005-2006 academic year.

**Fees**—Other fees related to enrollment for the 2005-2006 academic year.

*Independent Schools* are freestanding higher education institutions. While these schools may have consortial relationships with colleges or universities, they are not controlled by or subsumed within the formal governance structure of a college or university.

*University-Affiliated Schools* are integral parts of larger teaching or research universities with multiple professional schools/graduate programs, typically offering research doctorates in more than one area.

*College-affiliated Schools* are integrally related to four-year colleges or teaching universities that have limited additional graduate or professional programs.

*Primary Racial/Ethnic Composition* identifies the primary racial/ethnic composition of the student bodies as reported by each institution.

*Denomination* indicates each institution's religious affiliation. Protestant Denominational schools are affiliated with a single or primary Protestant denomination. Inter/nondenominational include schools with multiple or no denominational affiliation. Roman Catholic schools are diocesan, university departments of theology, and religious order (including union) seminaries in the United States and Canada. Orthodox schools represent Greek Orthodox Archdiocese of America and Orthodox Church in America.

1 Source: The Chronicle of Higher Education, based upon a report by the American Association of University Professors (AAUP).

Salaries are adjusted to a nine-month work year. The figures shown are for full-time faculty at comprehensive institutions, as the most comparable category (below doctoral institutions and above baccalaureate institutions). Reported April 18, 2005 (most recent data).

2 Average salary for ATS faculty is calculated on the basis of contract salary, contributed services, and housing allowance or rental value of housing provided, if any.

When comparing data over time, please note the following: The number of member institutions changes in every even-numbered year since 1988 as additional schools have become new members of the Association. The degree programs were recategorized with the adoption of redeveloped accrediting standards in 1996. Also, changes in Financial Accounting Standards Board (FASB) reporting requirements in 1996 resulted in financial data for United States institutions that often differ substantially from previously reported figures. All these changes make over-time comparisons with earlier editions potentially less meaningful. A number of tables report data over a three- to five-year period, and these tables have accounted for these variables. Comparisons over time within these tables are altogether appropriate.

Information on enrollment is reported according to Head Count (the total number of students enrolled) and full-time equivalency (FTE). The latter is calculated by ATS in the following ways:

For all master-level programs FTE is computed in the following manner: Divide the total number of credits required for the degree by the number of semesters or quarters prescribed for degree duration to determine the average academic load. The total of credit hours taken by all students in a given degree program in a semester or quarter is divided by the average academic load. For Example: An M.Div. degree requires 90 semester hours, and the school considers the degree to be typically six semesters. The average academic load would be 90 divided by 6, or 15 hours per semester. If all M.Div. students complete a total of 600 hours for the semester, and the average academic load is 15, then the FTE would be 600 divided by 15, or 40 students.

For all doctoral programs FTE is computed in the following manner: The FTE equals the Head Count (HC), with the exception of the D.Min. program. The FTE for D.Min. programs is calculated at one-third of Head Count.

The racial/ethnic categories are defined as follows:

*Visa:* A person who is not a citizen or national of the United States or Canada and who is in the country on a visa or temporary basis and does not have the right to remain indefinitely.

*Black, non-Hispanic:* A person having origins in any of the black racial groups of Africa (except those of Hispanic origin).

*American Indian or Alaskan Native:* A person having origins in any of the original peoples of North America who maintains cultural identification through tribal affiliation or community recognition.

*Asian or Pacific Islander:* A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or Pacific Islands. This includes people from China, Japan, Korea, the Philippine Islands, American Samoa, India, and Vietnam.

*Hispanic:* A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

*White, non-Hispanic:* A person having origins in any of the original peoples of Europe, North Africa, or the Middle East (except those of Hispanic origin).

*Not Reported:* A person whose race or ethnic identity is either unknown or information about that person is unavailable.
