Member School:	Survey Year: 2023 - 2024

Total rows/columns are auto calculated. Degree columns shaded in gray indicate categories for which the member school does not have any approved degrees; continue to report in these categories where applicable.

This form is required only every other year (in odd-numbered years). Use the same instructions to count students as specified in the Instructions for Form EF-1, which should be completed before this form, with the "Total Enrollment" on this form matching the "Part A Total Enrollment" on Form EF-1 Enrollment by Race and Gender.

Enrollment: Count only students taking courses for credit (exclude audit students) during the current fall semester (if the member school has a DMin program that offers summer courses instead of fall courses, then include those DMin summer enrollments in this form). Students in internships are counted only if awarded credit. Students enrolled in a cluster or consortium should be counted in the cluster or consortium if it is a separately accredited member of ATS; if it is not, count only those students whose primary registration is at the member school.

Unduplicated Headcount: Count students only once. If students enrolled in more than one degree, count them only in the longer or more advanced program.

Degree Categories: The 2020 *Standards of Accreditation* (Standards 4.6-9) describe three categories of MA degrees: those that focus primarily on professional vocations (prof), those that focus primarily on academic study (acad), and those that focus on both (both). Canadian schools offering the BRE for which a completed bachelor's degree is normally required should report those students under MA (prof). "Other Prof Dr" refers to degrees like the EdD, DMiss, DMA, etc. (see Standards 5.-7-10 of 2020 *Standards of Accreditation*).

Non-Degree Programs: refer to any programs and courses offered for credit that do not result in an ATS-approved degree. Canadian member schools should include Bachelor of Theology students here; Roman Catholic member schools should include pontifical degree programs here. Note: The 2020 *Standards of Accreditation* (Standard 3.15) describes these programs as with or without credit, report here only the for-credit non-degree programs.

Male, Female, All Other, Unknown: For students whose gender is known, report male and female students in the sections labeled as such; for all other students including but not limited to nonbinary, gender-fluid, and those who do not identify as either male or female, report in the section labeled All Other. For students whose gender is unknown or prefer not to disclose, report in the section labeled Unknown.
